

Games of Innocence

The Lions are playing the Saints at the Coliseum.

Lover is tuning the bedroom with a wild boar.

A fat lady is pacing the station with a look of expectancy;
The lover is come, he stands in a puddle
and hands her a jellyroll.

"Please not here!" screams the fat lady
as he rolls her over and over.

Meanwhile Nero, our hero, has forgotten his token.

Running past a used tv shop
He notices just in time the old pro,
Squeezing a tube of vaseline in the locker room.
