

Hi,

Thank you for your time on the phone today talking about your website needs.

The latest statistics show that over 1/3 of all Internet searches are now performed by people with smart phones looking for local products and services. That's why it's always a good bet to put attention into your website, and this will become even more important in the future.

We can build a simple but professional website for between \$400 and \$500. We like to use a content management system (CMS) like Wordpress to do this, which gives you the ability to update the content (pictures, blog, products, services, prices, testimonials, etc.) easily without our involvement or charge.

Many of our newer websites contain a blog, which affords you an easy way to provide fresh content and which also helps search engines rank your website higher.

We provide hosting for \$100 a year. Many of our customers like us to point their blogs to their Facebook pages so updating your blog automatically updates your Facebook presence, too.

At BitSculptor we've been building websites for over 15 years. Eric Schlange, our owner, grew up in Lakeport, graduated from Clearlake High School, and sits on the board of the Lake County Chamber of Commerce. We built that website, as well as those of the City of Lakeport, The Lakeport Unified School District, The Lake County Office of Education, The Lake County Association of Realtors, The Official Visitor Website for the County of Lake ([www.lakecounty.com](http://www.lakecounty.com)), Steele, Shannon Ridge, Guenoc, Rosa D'Oro and Wildhurst Wineries, The Kelseyville Pear Festival, Kelseyville Lumber, Neft & Neft Realty (we're currently rebuilding Konocti Vista Casino, Hidden Valley Lake Realty and Kelseyville Fire Department) and many others, most of them for small businesses.

You can view our portfolio at [www.bitsculptor.com](http://www.bitsculptor.com).

We also have a national and international reach with many of our ecommerce sites, and such websites as [www.banjohangout.com](http://www.banjohangout.com), the largest online group of banjo aficionados and musicians in the world, with 30,000 visitors per day!

If you would like a quote, or if you just have questions, please give us a call, or come by to visit us at 901 South Main Street in Lakeport, next to Asian Dragon Restaurant and above CPS Country Air (we built their website, too.)

Best Regards,

Chris Musser
